Lecture 11: Irrationality   Math 345

Monday, October 11, 2010   Jim Fowler

Textbook

This lecture discusses section 4 of the textbook.

Homework

The homework is due Wednesday, October 13, 2010.
    From Section 4 of the textbook, do exercises 8, 10, and 12.

rational numbers

definition of a rational number

sum of rational numbers are rational, and so forth

proof that square root of 2 is irrational

a triumph!
